Dear Mr. Hannon and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 32 to the California 2010/11-2013/14 Federal Statewide Transportation Improvement Program (FSTIP) which makes minor modification to the Rural non-Metropolitan Planning Organization (MPO) portion of the FSTIP.

This administrative modification modifies the funding of existing projects and adds projects to the various grouped project listings. Projects included in this administrative modification are funded from the State Transportation Improvement Program, Congestion Mitigation and Air Quality Improvement Program, Highway Safety Improvement Program, High Risk Rural Roads Program and the State Highway Operation and Protection Program. Included with this letter are the summary of changes and the backup listing for each grouped projects.

This administrative modification reduces the programming capacity by approximately \$43.4 million. Our next rural non-MPO formal amendment will update the financial plan to reflect the funding changes as a result of this modification. These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2011 FSTIP.

If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.

Mr. Vincent Mammano/Mr. Leslie T. Rogers
